CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

DRIEST SEPTEMBER SINCE 1932

\$21,230 County Barn To Be Erected Near Belle Glade, Rardin Says

County Commissioner Paul Rardin of Canal Point said a contract for the Everglades barn of Palm Beach county was let to Alexander-Williams of West Palm Beach who submitted the lowest bid of \$21,230.

Six acres of land has been secured from the Internal Improvement Board for the site of this county barn. It is located just north of State prison farm No. 2 on the Belle Glade-Pahokee Highway. It is thus centrally located for the use of the Palm Beach county road department in the Lake Okechobee Everglades area.

A new bridge of concrete and steel construction will be built from the highway to the new site, Rardin said. Work will start soon on the bridge. A temporary bridge now serves the site.

A rock fill 200 x 200 feet has been made together with rock approaches leading from the highway to the site of the barn which when completed will house all machinery and road equipment of the county road department in this area. It will also have office space for the road supervisor and serve as headquarters for the department.

The barn will have a floor space 50 x 100' of arc-iron structure, the exterior of heavy gauge aluminum and be hurricane proof. The floor will be concrete.

The small barn originally located in open country near Belle Glade, now in the center of the exclusive Northmoor residential area of Belle Glade, will be abandoned and razed as soon as the new barn is ready for occupancy.

Drive-In Theatre Plan For Glades

The newest trend in motion picture presentation is about to come to the Everglades. According to a report from the management of the Gold-Dobrow Theatres they have laid plans for the erection in the near future of a modern Drive-In Theatre of sufficient capacity to meet the needs of the peoples of the Everglades.

Teaches One School Coaches In Another

Calvin Peacock, principal of South Bay school, is coach of the Junior High School foot ball team at Belle Glade. Calvin is a product of Pahokee High School and was an outstanding foot ball star there. Later he attended Rollins College at Winter Park where he held down a regular position with the Tars.

Drive Nets Cash To Buy Water Cooler

J. W. Repper, chairman of the Canal Point PTA finance committee, reports the committee's drive for funds for the purchase of an electric-cooled drinking water fountain for the second floor at the Canal Point school has been successful, with enough money either collected or promised to pay for the cooler which has been ordered and is expected to be installed this week. Mr. Repper and his special committee, including Boyd Vorhees and Mrs. Repper, which was in charge of the drive, express their appreciation to all who gave donations and for the fine spirit of cooperation shown by the public.

Cattle Project Is Started By Lions

At a meeting of the Pahokee Lions club Tuesday at the Lions Hall members voted to sponsor a cattle project to raise funds for the club. The club will invest \$2,000 in calves and after feeding them for six months will place them on the market. The calves will be divided among the cattleman members who will pasture and care for them until they are ready to sell.

A committee was named to investigate the probability of establishing a blood bank in the Lake area, further information on the project will be released later.

Among the committees making monthly reports was the finance committee reporting \$100 cleared on the recent soft ball game sponsored by the club. R. L. Brooks, chairman of the Boys and Girls committee, reported that the PFA boys are making concrete benches for the city park. Assisting Brooks on this committee is J. M. Elliott. Grady Barker was welcomed as a transfer member from Canal Point club. Members voted to cooperate with the local Parent-Teacher Association in raising funds for the school at the annual Halloween carnival.

Tom Roell Invites You To See Flowers

If you are a member of any one of the Garden Club groups, or if you just naturally like pretty flowers, you should visit Tom Roell's place at Port Mayaca. He has many flowering plants at present and extends a cordial invitation to any one interested to drop by for a visit.

Records Show That 22 Inch Rain Came After A Dry Spell

Records at the U. S. Sugar Plant Field Station at Canal Point show that September, 1950, was the driest September since 1932, according to B. A. Belcher, agronomist at the station. Oldtimers in the Pahokee area go back even further and say that it was the driest September since 1918. O. B. McClure, a pioneer in the Pahokee area, corroborates the latter statement.

The average rainfall for this area, since records have been kept, during the past 27 years, is 55.2 inches per year. It was pointed out, up through September this year this section had 23.5 inches. A total of 2.8 inches fell in September. In September 1932 a total of 2.4 inches fell making the past month the driest September in 18 years.

Farmers in the upper Everglades are going right ahead with their plantings. Pumps have been reversed in the drainage canals and water is being pumped in instead of out. Some areas are entirely too dry to plant. Others are made tillable by the irrigation system.

Pioneers remember the fall of 1932 when on Nov. 6, a rain of 21.92 inches fell with the majority of it coming down within the period of a few hours.

So, gentle reader, if you are a farmer or merely growing a plot of flowers, don't worry too much about the shortage of rainfall—you may get it all in one night in the not too distant future.

Bean Festival To Be Revived In '51

Plans were made at a meeting of the Fred and Percy Mangfield American Legion Post No. 90 to revive the bean festival sponsored by the post for many years and then discontinued. For many years the festival was a highlight of the shipping season in this section as it featured agricultural exhibits and scientific farming methods. Commander Carmen Salvatore, Jr., will head the fair committee and assisting him will be Howard Holman, Perry Duke and Paul Collier. The tentative date for the festival has been set for Feb. 27 through March 3rd.

Paul Tillery announced that plans are underway for a special get-together meeting for World War I Legionnaires, the date to be announced later. Members voted to continue to patrol the local football games. Cooperation of the public is urged in this project.

The purpose of the Crusade for Freedom is to put to use one of the most powerful weapons at our disposal—to use the power of the spoken word to propagate the doctrine of truth and democracy to the misled peoples of Europe.

Highway Patrol Will Add Two New Wings To Its Pahokee Office

Important Business At Farm Bureau Meet

Loring Racol, president of the Florida Farm Bureau Federation, will be principal speaker for this business meeting.

Program committeemen for the event are William A. Thiebaud, Belle Glade; Floyd Erickson, Canal Point; and Dr. D. S. Spooner, Pahokee. County Agent H. L. Speer is publicity chairman.

Resolutions to be considered by the organization were given as follows: 1—What changes, if any, should be made in Florida's sales tax. 2—Consideration of changes in Florida's Seed Law. 3—A request for 4c per gallon refund of the tax on gasoline burned in farm tractors and other off-the-highway farm equipment.

Crichfield Heads South Bay Council

SOUTH BAY — C. E. Crichfield was named president of the Town Council after installation of the three newly-elected Councilmen and mayor at Town Hall Wednesday night, according to Mrs. G. J. Barstow, town clerk.

Other officers appointed: Russell Fisher, chairman pro tem, water and garbage commissioner; Melvin Herring, commissioner of streets and parks; Mark Challancin, fire and finance commissioner; and M. J. Hardy, police commissioner.

Newly-elected Mayor O'Neal Walker will appoint a town clerk, a town attorney, and a chief of police at the next session, Mrs. Barstow said.

Melvin Herring incumbent; Russell Fisher, and M. J. Hardy, were elected as town councilmen in the municipal election here Tuesday, when a total of 190 out of 265 registered voters went to the polls.

Mr. Herring received 151 votes; Mr. Fisher, 149 and Mr. Hardy, 145. Defeated council incumbent Robert R. Roadman, Jr., polled 75 votes.

O'Neal Walker, elected mayor without opposition, received 120 votes. William Jeffries, incumbent mayor, with drew from the race earlier.

PAHOKEE PTA

The Pahokee Parent-Teacher Association will conduct its October meeting in the high school auditorium Monday, Oct. 9, at 8:15 p. m. Mrs. J. C. Shoopel, president, urges all parents to attend as the teachers plan to show them the work accomplished by their children during the past month.

A contract will be let within the next thirty days for two additions to the recently constructed Highway Patrol office in Pahokee, this newspaper has been informed by Patrol Director H. N. Kirkman and Capt. Reid Clifton of this district.

Director Kirkman and Capt. Clifton said that plans of the department call for a north wing and a south wing to the new building. One wing will be used as a garage and the other one will be used as an examination room.

The new building was recently completed at a cost to the department of around \$7500. The radio aerial and control house were in another contract and ran around \$3,000. Messrs. Kirkman and Clifton did not furnish figures of the estimated cost of the additional wings.

A beautification plan will be put into effect, Capt. Clifton said, just as soon as the two additional wings are constructed.

Highway patrol offices in other sections of the state are landscaped and add materially to the sections in which they are located. The Pahokee station will be in keeping with others in the state, the two officials said.

Whoopee! Devils In First Win Of Year

The Pahokee Blue Devils downed St. Ann's Crusaders 30 to 6 Saturday night to chalk up their first victory of the season, however, their playing form was somewhat ragged and Coach Jim Maynor expressed concern over their game with the Lake Worth Trojans scheduled to be played on Lair Field last night.

The Blue Devils, handicapped with injuries and outweighed on an average of over 20 pounds per man, were not ready for the Trojans, according to Maynor who intimated his men might take to the air as the only hope for an upset.

Milton Carpenter Sings For Lions

Milton Carpenter was guest soloist at a meeting of the Canal Point Lions Club Monday evening at the Methodist Sunday School building. He sang three numbers accompanied at the piano by his sister, Miss Carol Carpenter. He was introduced by A. R. Harrington, program chairman. There was no business transacted as the meeting was dismissed early so that members could attend the local PTA meeting.

News Notes From State Capital

TALLAHASSEE—U. S. Senator Spessard Holland said here he believes the nation will not halt preparedness when the Korean fighting is over. At the same time, he disclosed that air force officials are considering reopening Drew Field in Tampa, along with a stepped up program for nearby McDill Field. Teams of inspectors are looking at other fields with a view to deciding whether they shall be brought back into service.

TALLAHASSEE—Florida railroads will keep separate the increased freight charges they have been ordered by the Interstate Commerce Commission to collect, pending three-judge determination of a state utility commission suit to prevent the increase. Federal District Judge Dozier A. DeVane here approved an agreement by which the courts will determine whether the ICC can order a freight rate increase over the protests of the state railroad and public utilities commission, and in the meantime, the extra charges will be set aside. If the courts rule with the utilities commission, freight shippers can get their refunds without legal proceedings simply by presenting their freight bills.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on these general subjects:

HOTELS—Hotel permit may be revoked if heating equipment of tenant does not meet safety standards.

PRISONERS—Cities cannot lease their prisoners, without special legislative authority.

PARDON—State cannot pardon person convicted in federal court of income tax evasion.

MILITARY—Absence of party member in military service does not automatically create a party vacancy.

COUNTY—Commissioners of a county are voted on county-wide at general elections.

VOTING—It is mandatory that unopposed candidates be listed on voting machines.

TALLAHASSEE—This state collected \$263,521,968 in the preceding business year and it went out almost as fast as it came in.

Comptroller C. M. Gay said Florida ended the year with a cash balance of more than \$46,000,000, but three fourths of it was earmarked for special purposes, roads, etc. Of the amount collected, \$6,800,000 went back to cities from the cigarette tax, \$75,700,000 went to the counties to build roads, to pay for schools, and as a direct subsidy.

Junior Gridders Of Pahokee In Win Over Belle Gladers

Winning by a score of 24-14, the Pahokee Junior High Gridders opened their season with an encounter against the Belle Glads Rams Tuesday night on Lair Field. Pahokee won the toss and the Belle Glads Rams kicked. After four downs of a hard struggle for a first down, the Imps lost the ball and the Rams took over and marched straight for the goal line. Again the Rams kicked but the Blue Devils timing seemed to be off and they were forced to kick after a series of plays.

The Rams again took over and marched straight for the goal line and the score was tied 12-0. But as the first quarter drew to an end, the Devils hit pay dirt when Robert Goodson picked up a fumble and ran 30 yards for a touchdown. This seemed to put the old school spirit in the again. Hal Rosenberg raced 60 yards for a touch down and that left the score at the half, 14-12.

After a quick breather at the half both teams came back with a fighting spirit, but the Devils showed the most strength and proved it when Rosenberg scored again. After a right end pitch of zigzagging plays by both teams the third quarter ended with Pahokee in the lead by 18-14.

Late in the fourth quarter the Devils scored again when Tommy Elliott raced around end for 15 yards. The play was set up by a 40 yard pass from Elliott to Goodson and that ended the game with a score of 24-14 with Pahokee in the lead.

Safety Is Theme At Meeting Of PTA In Canal Point Mon.

"Safety," was the theme of the program presented at the Canal Point Parent-Teacher association Monday evening at the school auditorium. Sgt. B. W. Brinson, Pahokee, Florida Highway Patrolman, was the speaker and showed a movie in connection with his talk. He was introduced by Floyd Erickson, program chairman.

Mrs. L. V. McClelland, membership chairman, announced that the fourth grade in the school was the winner in the membership contest staged in the school. This grade under the direction of the teacher, Mrs. Billie Huddle and room mothers Mrs. Frances Vorhees and Mrs. Novella Repper secured a 100 per cent membership in the room the next day after the contest was announced. Memberships for the room totals 36. Mrs. McClelland presented Mrs. Huddle with a check for \$5.00 the award for winner in the 100 per cent contest. Mrs. Pope Sears, president, named Jimmy Repper as finance chairman to fill the vacancy left at the resignation of Mrs. O. H. Chastain. Members assisting Mr. Repper on the committee are Mrs. Jimmy Repper and Boyd Vorhees. The committee reported that plans were underway to purchase an electric water cooler for the second floor of the school building, and that in cooperation with the Lions club the repairs on tennis courts on the school grounds have been completed.

Mrs. Buck Tillman was appointed as leader for the Girls 4-H club which the organization sponsors. The attendance banner went to the second grade with Mrs. Lucille deMoya, teacher.

Following the meeting Mrs. Joe Calhoun, Mrs. Ralph Fleming, Mrs. J. D. Pope and Mrs. James Rogers were hostesses to members and guests at a social hour in the school cafeteria.

Vegetables For Cafeteria By FFA

School gardens for Pahokee School cafeteria will be planted by F. F. A. boys again this year. The boys did a splendid job of keeping the cafeteria supplied with fresh vegetables last year.

The garden will be located in Vetsville, and will be a lot larger than the ones planted last year.

Mr. McCurdy is giving 400 pounds of fertilizer and all the insecticides that will be needed to grow the vegetables. Don Hillie and Son, Gordon, are furnishing the land for the garden. All that the boys are waiting for is some rain to wet the earth so they can plant.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912, and March 3, 1933
Of The Everglades News published weekly at Canal Point, Florida, on Oct. 1, 1950
State of Florida

County of Palm Beach, ss.
Before me, a notary public in and for the State and county aforesaid, personally appeared Paul Rardin, who, having been duly sworn according to law, depose and says that he is editor and owner of The Everglades News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 37 of Postal Laws and Regulations, to-wit:

That the name and address of the publisher, editor, managing editor and business managers are:
Publisher: Paul Rardin, Canal Point, Florida.

Editor: Paul Rardin, Canal Point, Florida.

That the owner is Paul Rardin, Canal Point, Florida.
That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: NONE.

That the average number of copies of each issue of this publication sold or distributed through the mails or otherwise to paid subscribers during the twelve months preceding the date shown above is 784.
Paul Rardin,
Editor and Owner.

Sworn and subscribed before me this 2nd day of October, 1950.
(Notary Public Seal)

Harold Rosenberg,
My Commission Expires Aug. 15, 1952.

Charles McCurdy Is FFA Delegate

Charles McCurdy was recently chosen for a trip to Kansas City, Mo., where he will attend the F. F. A. National Convention. He was one of the five boys selected from the state of Florida to play in the F. F. A. National Band. Charles is in the local F. F. A. chapter and plays a Clarinet in the High School Band. He was appointed by the Chapter Adviser, R. L. Brooks, and Band Leader, Robert Lampi.

Charles left October 3, traveling by car with the other four boys from Florida. He will play at the Convention. The National Convention will buy his uniform and a F. F. A. jacket which he will get to keep.

Charles trip is not just play, by any means. It is work as well as an honor to attend the Convention for the odds are so great and one has to be really alert and on his toes to receive such a privilege.

Student Council To Operate Games

Responsibility for the Pahokee Junior High Football games will be taken over by the Student Council the group decided at the meeting Tuesday, October 3. Joyce Lynn Hurt, Willard McCurdy, George Rozelle and Calvin Padgett will take up tickets.

Willine Kirkland, Bonnie Miller, and Calvin Padgett will be responsible for the children at P. T. A. meetings and show the movies.

Dickie Atkins will measure the lockers and as soon as this is done an experiment will begin to see if some of the confusion in the halls can be done away with. The council is going to ask the art class for help during courtesy week to draw some posters. The last thing the Council discussed was the Gym and effort to keep it cleaner.

Dr. A. L. Backsman, of the state veterinarian department, has been named to serve Pasco and other nearby counties. Dr. Backsman will not move from his present headquarters in Tampa for some time, but meanwhile his new constituents will get hog-vaccination service through applications at the county agent's office in Dade City.

Civil Aeronautics Authority has authorized National Airlines to make Panama City a stop on its Pensacola-Tampa route, but NAL officials in Pensacola say the Bay County resort must wait a while to be serviced, because of the present national crisis in which NAL has already begun to share its equipment with government agencies.

GREYHOUND

SOIL INFESTING INSECTS
they work at night,
while you sleep!

Just about every grower in the state of Florida is acquainted with extensive damage by mole crickets. Thousands of dollars in losses have been reported in many areas from this infestation. But no longer do planters have to put up with subterranean pests, for chemical research in the great plants of the Velsicol Corporation has brought out a product that is recommended for the control of mole crickets. Its name is chlordane and its application is simple, rendering immediate results. In fact, there are many reports that in infested fields treated with chlordane, hundreds of dead mole crickets may appear on the surface by the next day.

Chlordane effectively controls not only mole crickets but cut worms, ants, wireworm and many other soil infesting insects. So don't be caught sleeping while mole crickets work. Specify chlordane in your next formulation.

For further details consult your county agent or local dealer for proper recommendations.

Chlordane controls household insects, too.

Power Company Is An Old Hand When It Comes To Boosting State Of Florida

The amazing story of new opportunities for business and industry in Florida is being told by Florida Power & Light Company in advertisements published in leading business magazines and newspapers in the U. S.

"Our campaign to advertise Florida has gotten off to a fast start," P. P. deMoya, Manager, said yesterday. "During July and August our company began advertising in such well-known publications as the Wall Street Journal, Business Week, New York Journal of Commerce and Chicago Journal of Commerce."

"Continuing in September, October, November, and December, we will use these publications augmented by Nation's business and U. S. News and World Report."

"Our advertisements in these publications are reaching millions of America's leading business men throughout the United States, telling them of Florida's opportunities and inviting them to locate their plants in Florida."

"Florida Power & Light Company is thoroughly 'sold' on the fact that we have a sound state with a sound and expanding economy. We are so convinced that we are buying advertising space to 'tell the world,' deMoya said."

"Incidentally, our company president, McGregor Smith, is chairman of Gov. Warren's Council for the Industrial Development of Florida. Our company is cooperating with the governor in his program to bring industries to Florida."

Some of the interesting facts in the advertisements are gains made by the state since 1940. They include:

Population	up 31 %
Retail Sales	up 24 %
Individual Income	up 207 %
Electric Power	up 231 %
Bank Resources	up 264 %
Postal Receipts	up 116 %
Per Capita Savings	up 214 %
Auto Registration	up 49 %
Life Insurance	up 155 %
Income from Livestock	up 335 %
Wages and Salaries	up 220 %

Of particular interest to manufacturers, the company's advertisements point out, in Florida's proximity to important Latin-American markets.

"Each Year," the ads state,

Freedom Crusade Gets Strong Support

JACKSONVILLE—Setting down a strong endorsement of the Crusade for Freedom, and voicing sentiments that the man on the street can understand and personally evaluate, the board of directors of the Florida Chain Store Council, Inc., including the many chains from Pensacola to Key West, has issued the following resolution, signed by its president, E. M. Martin, Tampa, and its secretary, Van H. Priest, Madison:

"WHEREAS, The Crusade for Freedom is now in progress, under the leadership of General Lucius Clay, and under the State leadership of Harold Colee, of the Florida State Chamber of Commerce, and

and

WHEREAS, the Crusade is a part of the battle for the minds of people who are not completely familiar with the blessings of Democracy, and

WHEREAS, American freedom makes it possible for individuals to advance themselves to any station in life that they may choose for themselves, and

WHEREAS, American business, big and little, owes all of its success to the opportunities offered by a free country.

Be IT RESOLVED, that the Florida Chain Store Council does wholeheartedly approve of and pledge to support the Crusade for Freedom, and does offer its staff and facilities to the State Advisory Committee, with view to insuring the complete success of the program."

"countries within an overseas radius of 1400 miles of Florida spend \$2,000,000,000 for U. S. products. In Florida you are right next door to profitable markets in Latin-American countries."

Florida's mild climate, variety of raw materials, plentiful water and ample supply of willing and dependable labor also are cited in the company's ads.

In addition to the national publications, advertising space is being used by Florida Power & Light Company in Florida daily and weekly newspapers and Florida magazines to tell the "Florida story" to visiting businessmen and investors.

deMoya pointed out that this is not the first time that Florida Power & Light Company has promoted the state's industrial advantages.

"Back in 1944", said deMoya, "before many people thought of Florida as anything but a vacation-land our company began its industrial development program. It hired researchers to delve into Florida's resources and come up with facts for use in advertising the state."

"Our company published a series of industrial advertisements, some or all of these appearing in 62 newspapers and magazines. So, you see, we are not new boosters for Florida but, on the contrary, we might be called 'old and experienced hands' at promoting our state."

Simpson-Chance

Announcement has been made of the marriage of Miss Aleaz Simpson to Earle T. Chance, USN, son of Mr. and Mrs. J. T. Chance of Pahokee. The wedding took place at 2:00 p. m., Sunday, September 17, in the Naval Base Chapel, Naval Base, Philadelphia, Pa., with LCDR William J. Organ, Chaplain, USN, officiating at the double ring ceremony.

The Chapel Alter was decorated with baskets of White Gladioli and lighted with White Tapers in candelabra. Preceding the ceremony a program of nuptial music, including "Oh Perfect Love" and "Always" was presented by the Chapel Organist, Mrs. A. Becker. Robert Huang, Soloist, sang "I Love Thee" and "Because."

The bride wore a navy blue suit with navy blue accessories. Her navy blue hat was trimmed in navy veiling with simulated dev drops. She carried an old fashioned bouquet of white and red roses with white satin streamers.

The maid of honor, Miss Carmen Rademann, Guatemala City, Guatemala, South America, wore a chartrouse dress with navy blue accessories. She also carried an old fashioned bouquet of red roses with green streamers.

Howard M. Sell, Jr., USN, of New York City, was Mr. Chance's best man. Hank Cava, USN, of Niagara Falls, N. Y. acted as usher.

Following the ceremony a reception was held at the future residence of the bride and groom.

The bride, formerly of Belhaven, N. C. and a graduate of the Patterson Park High School of Baltimore, Maryland has been employed for the last 3 years by the Caloric Stove Corporation of Philadelphia.

Mr. Chance attended the Pahokee High School before joining the Navy 3 years ago. He received special training in the Navy at the Personnelmen School in San Diego, California.

Following a brief wedding trip to New York City, Mr. and Mrs. Chance returned to their home at 1329 Tasker St., Philadelphia.

Old age is overtaking the nation's machine tools at a rate that could place the U. S. at a decided disadvantage in an emergency, warns William L. Batt, president of SKF Industries, Inc. The former War Production Board vice chairman says two of every five machine tools are 10 years of age or more.

Personal

Mr. and Mrs. J. H. Bordeaux have as their house guests their son and daughter-in-law, Mr. and Mrs. Wilson Bordeaux and son of Pensacola.

Mrs. H. J. Anderson returned to her home in Pahokee Monday after spending the summer at her cottage in Stockton Springs, Maine.

Homer Barnes and Otto R. Biech attended a masonic meeting in Naples Tuesday evening where Mr. Biech assisted with the degree work. They were accompanied to that city by Mrs. Barnes who visited relatives.

1st Lt. and Mrs. Howard Tiffin of Atlanta were the house guests this week of his uncle and aunt, Mr. and Mrs. Robert J. Schroder and family.

Mr. and Mrs. O. M. Murphy and son Emmett are visiting his parents, Mr. and Mrs. E. O. Murphy and other relatives in Miami.

Mrs. I. J. Frasure, Jr., and daughters returned to their home here Sunday after spending several days with her parents, Mr. and Mrs. W. E. Metcalf in Tampa.

Wendell Harris is spending several days this week in Sanford on business.

Miss Nell Dunaway has returned to Pahokee after spending a month with her sisters, Miss Sara Dunaway and Mrs. Grace Vandlandingham in Valdosta, Ga.

Mr. and Mrs. John T. Pickett, Sr., have received word that their son, John T. Pickett, with the Maintenance Department of the U. S. Marines, is in Seoul, Korea. His letter stated that he had seen some action on the front lines.

Mrs. Virginia Weeks of Indianapolis is a patient at the Everglades Memorial Hospital in Pahokee this week.

Jack A. Phillips left Tuesday for Jacksonville where he will take his physical examination for the U. S. Navy. Following the examination he has orders to report to Charleston, S. C. for classification and assignment. Jack is Petty Officer 1st class.

Mrs. Robert Caraker has returned to her home in Miami after visiting her sister, Mrs. Bertha Starling here.

Mrs. Ray Bergen, who has been spending several weeks in Pahokee supervising repairs to her rental property, was called to Kansas City, Mo. at the death of her mother-in-law there. Mr. and Mrs. Bergen have recently purchased a home in Miami where they spend the winters.

Wyatt Flowers, nephew of Mrs. Minnie L. Hughes who spent several months in Pahokee during the spring and summer, has returned to Jefferson City, Tenn., to continue his theological course in a Baptist college there.

Dr. and Mrs. Gordon H. Schuetler plan to attend the State Chiropractors Convention to be held at the Sherry Frontenac Hotel in Miami Beach next week, Oct. 12-14.

Mr. and Mrs. Dick Parrish of Pahokee announce the birth of a daughter at the Everglades Memorial Hospital, Oct. 4.

Rev. and Mrs. Willie Harden of Okeechobee were week end guests of Mr. and Mrs. W. O. Stamps in Pahokee.

Mrs. A. J. Culberson is visiting her son and daughter-in-law, Mr. and Mrs. W. E. Culberson in West Palm Beach.

IN MEMORIAM

In loving memory of our dear husband and daddy who passed away two years ago, Oct. 5.

Mrs. A. J. Culberson and Family.

Litigation proceedings, instituted by Newhall Drainage District landowners against Everglades Drainage District authorities and State Road Department, for the latter's plan to place two culverts on state road 75, have been postponed until October. The Newhall residents claim the culvert would endanger their properties in flood seasons.

Governor's Receptionist Signs "Scroll"

Mrs. Elizabeth Pichard, receptionist in the executive office of Governor Fuller Warren, was privileged to be the first woman to sign the "Freedom Scroll" in Florida. Following the lead of the Governor and members of the Cabinet, Mrs. Pichard signs the Scroll held for her by Harold Colee, state chairman for the "Crusade for Freedom."

NEWS BRIEFS

The first issue of the New York Weekly Journal, Nov. 15, 1733, contained an article on liberty of the press.

Many early colonial printers and editors conducted "general stores" in connection with their newspaper plants.

Greeley's New York Tribune was the first paper in America to recognize Charles Dickens as a great writer.

The second printing press was brought to Massachusetts colony in 1660, 40 years after the first press arrived.

The first daily in America was the Pennsylvania Packet and General Advertiser, started in Philadelphia in 1784.

One of the historic newspapers in the struggle for liberty was The Federalist founded by Alexander Hamilton.

The first war correspondent was George W. Kendall of the New Orleans Picayune who covered the Mexican War.

Noah Webster founded the American Minerva in New York in 1739 with the assistance of Alexander Hamilton.

Samuel Adams did most of his effective work in leading the move-

ment for independence by writing for the press.

The Boston News-Letter, first successful American newspaper, had a circulation of 300 after 15 years of publishing in 1719.

Miss Smith Attends State Conference

Miss Constance Smith, local Homemaking teacher attended the State Conference for Home Making Education Teachers was held September 29 and 30 at the Sheraton Plaza Hotel in Daytona Beach.

The emphasis of the meeting was to draw boys into Home Making and the theme was "Improving Instruction." A banquet was given for the teachers Friday night September 29. J. K. Chapman, Deputy Supervisor of State Department of Education, gave a speech in which he said, "We will have to get some men in the ranks of homemaking teachers—and I do mean men, preferably coaches or former athletes; we will have to put into the curriculum activities and materials which will meet the needs of and stimulate the interest of male leaders in student bodies of the school."

Try this your stereoscope!

WHEN THIS "VIEWER" was in the parlor, folks used to look at pictures like these.

They'd spend many an hour gazing wistfully at scenes of places they'd like to visit, things they'd like to do.

But, today, there's an invention that beats those stereoscopic pictures all hollow. No—it isn't television.

It's the Payroll Savings Plan—an automatic

method of saving that all but puts you on that liner and says "bon voyage."

So simple, so painless, so sure—the Payroll Savings Plan sets aside a small part of your earnings each and every pay day, puts it in United States Savings Bonds.

And those bonds grow and GROW. In ten short years they pay you back \$4 for every \$3 you put in today.

A self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a convenient plan.

And, if you're not on a payroll, there's the equally convenient, equally profitable Bond-A-Month Plan at your bank.

No matter how you look at them, U. S. Savings Bonds help to picture a bright, happy future!

Automatic saving is sure saving—U. S. Savings Bonds

Cinematic Chatter

By Malcolm Millar

Mona Freeman, one of the loveliest actresses in Hollywood, started her career as a child model of children's clothes. Nancy Olson, young Paramount star, will receive a Photoplay Award as one of the top ten in the magazine's Readers Poll, "Choose Your Star." Miss Olson's selection takes on added significance in view of the fact that she has appeared on the screen in no more than three of four pictures to date. Her selection in the poll confirms the opinion of many Hollywood producers that she will be one of the fastest rising stars in Hollywood in the next few years. Hollywood thinks it has another Marie Dressler at long last. The lady is Josephine Hull, who scored in the stage hit "Harvey," and who is said to possess Miss Dressler's amazing ability to make movie audiences laugh one minute and cry the next. We will be looking forward to seeing the lady in question. Marie Dressler, to my notion, was a star that can not be replaced. June Haver has just been voted the hardest working feminine star in the film colony. She seldom lays off between pictures. June will be seen with Gordon McRae in the beautiful technicolor show "Daughter of Rosy O'Grady." See you at the movies—Mal.

Loring Raoul Will Be Bureau Speaker

Loring Raoul of Sarasota, president of the Florida Farm Bureau, will be guest speaker at a meeting of the Glades Unit of the Farm Bureau to be held in the Woman's Club building Tuesday, Oct. 10, at 10 p. m. The meeting will feature a covered dish supper. All members and prospective members are urged to come and bring a covered-dish of food. The Farm Bureau will furnish the meat and drinks for the supper. The annual election of officers will take place during the meeting, according to President R. B. Simonson.

JUNIOR SENATOR DOING SPLENDID JOB FOR PEOPLE OF FLORIDA

HON. SPESSARD L. HOLLAND OF BARTOW

WASHINGTON—From a brief vacation in North Florida, U. S. Senator Spessard Holland this week told of his plans for a busy fall and reflected briefly on the accomplishments of the 81st Congress. He stated that following his usual custom a Florida office will be opened at Bartow, his home town, early in October.

Resting after nearly nine months of attendance at almost continuous sessions, Holland pointed out that despite many varying opinions on this session of Congress, which adjourned on September 23 until November 27, he felt it had done a good job in many fields. Florida's Junior Senator has a heavy speaking itinerary throughout the state during the next seven weeks. He will endeavor to bring to the people of Florida a concise report on his work for the Nation and the State and to learn first hand the thinking of Florida citizens on pressing domestic and international issues.

His opening appearance will be in Orlando, October 9, when he will speak at the Florida Kiwanis District Convention. The next two days will be spent with his home folks in Polk County with visits at Winter Haven and Bartow civic clubs.

He is on the morning program of the Citrus Seminar at Fort Pierce on October 12 and that night will join numerous high state and national officials in Miami at a Columbus Day dinner featuring Secretary of Commerce Charles Sawyer as the principal speaker. The following two days Holland will participate in Homecoming activities at the University of Florida. His lifelong friend and former schoolmate in the Bartow High School, Lieutenant General James A. Van Fleet, will be the honor guest at the annual Blue Key banquet on the night of October 13.

Later in October Holland will speak in Sarasota, Palm Beach, Miami, and Tallahassee. On November 9 in Orlando he will attend the first "Small Business Clinic" to be held in the southeast.

Detailed plans are still in the making, the Senator stated, for trips to other portions of the State during November. He plans to attend Harbor Day celebration at Apalachicola, and the annual meeting of the Florida State Chamber of Commerce in Tampa.

In looking back over the two

sessions that made up the 81st Congress, Holland said he thought the legislative accomplishments should be divided into three classifications—defense measures, important new domestic legislation, and proposed domestic action which was defeated.

"Among the outstanding contributions to our defense effort, I would list extension of the Marshall Plan, extension of Selective Service, defense appropriations, adoption of the Atlantic Pact, armed aid to Europe, and passage of the Anti-Communist bill," Holland said.

In the affirmative domestic field he named expansion of the Social Security Act, adoption of twenty Hoover Reorganization plans, continuation of public housing applying only to those of low cost income, enlargement of the slum clearance program, and passage of the new tax bill.

"Equally as important in the domestic field," the Senator pointed out, "was the refusal of Congress to pass the FEPC, the Brannan Plan, Compulsory Health Insurance, and to repeal the Taft-Hartley Law."

With reference to legislation particularly affecting Florida, Holland stated, "Florida has been fortunate this session in receiving appropriations for the continuance of vital improvement programs. It was only through the wholehearted cooperative efforts of the entire Delegation that we were able to secure \$6,500,000 to continue the important flood control project which means so much in added security to life and property and in safeguarding the production of food."

He also pointed out that the new appropriations would continue the construction of the big Jim Woodruff Dam in West Florida, and would accomplish needed harbor improvements at Tampa and Jacksonville, and begin the deepening of the East Coast Intercoastal waterway.

Speaking before Stetson University's summer graduating class, Walter L. Hays, president of the Florida State Chamber of Commerce, vigorously lashed out at spending profligacy on Capitol Hill, asserting that Washington's "give-away programs and hand-out security" had a counterpart in prisons, which also provide "absolute security."

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The Palm Beach County Commission, Monday holding its first meeting of the new fiscal year which started Oct. 1, adopted a resolution accepting the 1950-51 tax roll as its principal item of business.

The tax roll, which was received from County Assessor, James Owens was turned over to County Tax Collector Stetson O. Sprout. It calls for a total of \$5,885,794.

According to distribution statistics prepared by Asst. County Auditor, R. B. McKee, the county school system draws the biggest slice out of the tax dollar with 40.51 percent of the dollar being earmarked for this activity. Of this amount general school expenses draw \$1,413,256; maintenance of buses and buildings, \$706,628; interest and sinking fund, \$254,810.

Taxes to the county were tabbed at 30.49 percent which is broken down to \$1,652,096 for operation and \$133,119 for special road and bridge districts.

Other breakdowns from the total tax bill show Everglades Drainage District drawing \$341,075; Port of Palm Beach, \$391,518; South Lake Worth Inlet Dist., \$55,816; Jupiter Inlet District, \$6,579; intangible tax, \$321,884; hospital districts, \$109,049; Florida Flood Control District \$113,399; all sub-drainage districts, \$347,565.

Other items before the commis-

sion included setting a policy of refunding excess fees to the county school board based on a recent decision of the State Supreme Court which provided that refunds should be based on poll tax paid instead of being pro-rated on school tax levied.

Voted to call for bids on a light car for the engineering department; and approved the purchase of a photostat machine for the circuit court clerks office.

Approved a lease for an exchange of property between the county and an International Airport tenant.

Authorized County Commission Chairman Lake Lytal and Commissioner C. Y. Eyrd to attend a dedication of a Stephen Foster memorial in North Florida this month.

Granted permission to McKee to keep the county's books open for two weeks to settle all accounts for the old year.

"Less than junk value" is the low estimate put by St. Joe Paper Company on the offer made by its counter-proposing opponent Atlantic Coast Line Railway, for the much-coveted properties and control of the Florida East Coast Railway. The paper company says the ACL's estimate of \$42,342,185 in securities and cash would actually result in about \$33,000,000 to the creditors of the receiver-managed line.

CHURCH OF CHRIST, SCIENTIST

"ARE SIN, DISEASE, AND DEATH REAL?" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, October 8.

The Golden Text is: "Salvation belongeth unto the Lord: they blessing is upon thy people" (Ps. 38).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. For God sent not his Son into the world to condemn the world; but that the world through him might be saved" (John 3:16 God, 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"Lust, malice, and all sorts of evil are diseased beliefs, and you can destroy them only by destroying the wicked motives which produce them. If the evil is over in the repentant mortal mind, while its effects still remain on the individual, God's law is fulfilled and reformation can remove this disorder as mation cancels the crime" (404:10-15).

WCS Hears Program Tuesday Afternoon

Mrs. Boyd Vorhees presented a program entitled "That Healing Gift He Lends" at a meeting of the Canal Point Methodist Woman's Society of Christian Service in the educational building of the church Tuesday afternoon, with Mrs. W. K. Buchanan, president, presiding. Mrs. Vorhees was assisted by Mrs. Francis Cross and Mrs. C. L. Stuart. Mrs. Donald Kepp and Mrs. A. R. Harrington were in charge of the devotionals.

The group made plans to observe a day of prayer and self denial on Oct. 25. A \$10 donation was voted to the Nurses Home and plans were made to attend a WCS birthday party on Nov. 7.

Refreshments were served to 20 by Mrs. Harold Rosenberg, hostess. Mrs. E. F. Hollon was a visitor.

Fifth Grade Sees Canal Pt. Post Office

Miss Sorchie Baird's fifth grade paid a visit to the Canal Point post office on Wednesday of this week where they were shown through the institution by Postmaster Oseola Upthegrove. Following the tour of inspection by the children they were all given refreshments at Mrs. Andrew's grocery before returning to their classes at school.

Rardin Attends State Safety Meet

Paul Rardin, vice chairman of the County Commission, reported Monday to his colleagues on the county board, that he sees a great future for the recently organized state safety committee.

Rardin was among the near 600 representatives from all parts of the state who attended Governor Fuller Warren's safety conference at Tampa last week.

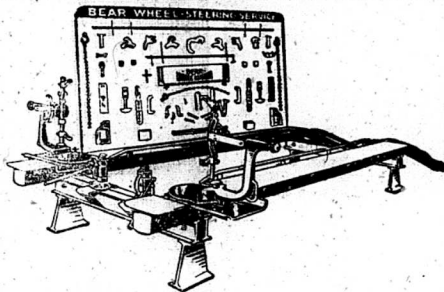

One of the principal actions to come out of the two-day meeting the vice chairman said, was selection of the safety committee of

which C. D. Hartman, West Palm Beach, was named a member.

Speaking of the committee, Rardin told the county board "the safety committee, in the future, will do some real good for Florida."

The first successful newspaper in the colonies was started with permission of the royal governor of Massachusetts in 1704.

During the War of the Revolution numerous colonial newspaper editors were forced to flee before the advancing British army.

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

=====

Here In Our Newspaper

Office We've Spent

25 Years Doing One Thing Well

Each week for more than a quarter of a century this Newspaper has reached its readers each Friday morning with full and complete news coverage of the Lake Okeechobee Farm Area. Bringing out The Everglades News each week—on schedule—has grown to be a habit with those of us who produce it. Not once during the 25 years of its existence has this newspaper missed a publication day. Through floods, hurricanes and other adverse antics of nature we have managed to make the deadline. It has been no small accomplishment.

Farm Bureau Group Will Meet In Pahokee October 10

The Everglades Farm Bureau will hold its annual meeting Tuesday, October 10 at 7 p. m. in the Pahokee Woman's Club, according to Robert Simonson, president of the year-old farm organization which is a unit of the big Florida Farm Bureau Federation.

A supper will be held at 7 p. m., followed by the annual business meeting and election of officers for the coming year. After the business meeting entertainment will be furnished by members of the Belle Glade Glee Club under the direction of Miss Marian Najarjan.

All Farm Bureau members and their families are invited as well as guests of the members who are interested in becoming affiliated with the Nation's largest farm organization, Mr. Simonson said.

The Pahokee president said the organization was interested in enlisting a larger number of Belle Glade producers this year, and that all bona fide vegetable farmers and cattlemen in the Lake are invited.

Volley Ball Teams Name 4 Captains

Captains were elected for Volley-ball teams at the Pahokee School Wednesday, September 20, in Miss Hicks Physical Education Classes. Vernell Browning was elected Captain in the second period class; Beatrice Johns in the third period class, and the fifth period class was divided into two teams. Bobbie Frierison is one Captain and Barbara Barbas is the Captain of the other team, which is made up of eight graders.

The Captains are very busy thinking up names for their teams before tournaments start. Tournaments will begin after school, October 16. They have been postponed for two weeks due to football games which conflict. Only the classes named above will compete in the contests.

Miss Jane Sims Is Honored At Shower

Mrs. A. R. Harrington was hostess at a bridge breakfast and shower honoring Miss Jane Sims, bride-elect of Perrin Coleman Reynolds of Atlanta, at her home in Canal Point Friday morning.

Garden flowers were used throughout the living room where six tables of bridge were in play. Mrs. M. C. Carter received high score prize, Mrs. Joe T. Boynton second high, Mrs. Frank M. Shaughnessy, cut prize and Miss Jeanne Shaughnessy low score prize.

The honoree received an assortment of lovely gifts.

Governor Signs "Freedom Scroll"

Officially opening the "Crusade for Freedom" in Florida, Governor Fuller Warren signed the "Freedom Scroll" in Tallahassee as State Chairman Harold Cole, executive vice-president of the Florida State Chamber of Commerce, and Attorney General Richard Ervin witness the action. Chairman Cole has set a goal of a million signatures of patriotic Floridians during the six week campaign.

Former Pahokee Man Saves Life Of Child

TAMPA—An 18-month-old, curly-haired blonde girl was saved from a watery grave today by fast action of a swift swimming neighbor woman, and artificial respiration applied by a former volunteer fireman of Pahokee.

The child, who barely missed death in an accidental fall into a man-made lake at Grady and San Miguel streets, is Linda Gay, daughter of Mr. and Mrs. John B. Gay, 3908 San Carlos.

She was rushed to Tampa Municipal Hospital following the harrowing experience.

Linda had been playing with other small children near the lake. "They were watching the fish," said Mrs. Richardson, who lives near the lake at 3911 San Carlos. Mrs. Richardson said her son, Eric, five, and the child victim's sister, three-year-old June Gay, came running to her shouting that Linda had fallen in the water.

Rushing to the lakeside, Mrs. Richardson found Linda's father standing frantically helpless on the shore, his tiny daughter only 15 feet away. He was unable to help because he could not swim. Mrs. Richardson plunged into the water and swam swiftly to the spot, grabbing the small child and bringing her ashore. She was able, she said, to see the child's back barely above the surface of the water.

The child had been in the water from five to eight minutes when Mrs. Richardson rescued her.

Just after lifting the inert body onto the shore, Mrs. Richardson attempted artificial respiration. She had scarcely begun when another neighbor, Mike Hoperich, a former fireman at Pahokee now living near the lake, came upon the scene.

Having studied proper methods of resuscitation while a fireman, Mr. Hoperich used his technical knowledge to advantage. Within a few moments after the former fireman applied artificial respiration, the tiny child gasped and resumed breathing. A small amount of water trickled from her lungs. Chief County Traffic Officer Rollins Cooper said he could sense a wave of relief pass through the

lakeside crowd when the little girl took her first breath, then started breathing rhythmically.

Commenting on the near drowning, Mrs. Richardson said, "Linda's lips were already blue when I brought her ashore."

"Yes," added Mr. Hoperich, "her mouth appeared as if it had been covered with indelible pencil coloring."

Almost immediately after the little girl had been revived, Emergency Truck 37 of Tampa Fire Department arrived on the scene.

The truck attendants lauded Mrs. Richardson for her quick rescue, and Mr. Hoperich for his cool-headed application of artificial respiration.

"That school you attended paid off today," they told the former fireman.—Tampa Times.

Courtesy Week Set In Pahokee School

A panel discussion on how to improve conditions at Pahokee High school before the Evaluating Committee arrives November 1st, was the program at the assembly, Friday, September 29.

Those participating were Dickie Atkins who spoke on cooperation, John Rogers, school grounds; Anna Lee Hurt, school buildings; Gloria Stuart, conduct in school room; Billie Nell Stokes, how to improve "get by" attitude; Peggy Lynn Shirley, school pride; Donna Spooner, cafeteria; Sidney Caruthers, assemblies; Bonnie Meeks, study hall and Library. Rita Faye Hurt summarized the discussions.

Skipper McCurdy, Chairman, announced that "Courtesy Week" will be observed October 9-13.

SPECIAL MEET

Mrs. Marshall I. Lair, general room mother, chairman of the Pahokee PTA, has asked all room mother chairmen and teachers to meet with her in the school auditorium this Friday afternoon at 3:30 o'clock to make plans for the year.

To Prepare Essays On Courtesy At P. H. S.

In an effort to promote manners and good citizenship, October 9-13, has been set aside by the Student Council as the first Courtesy Week in Pahokee High.

The most courteous person from each home room will be selected at the end of the week and their names will be published.

Essays on courtesy will be composed by every student and they will be judged by a faculty committee. The winner of the essay contest will be announced in assembly at the end of the week, Friday October 13.

There has never been a project of this sort in the High School before, but the students and the faculty are striving to make this a grand success.
